Ed Prep Snapshot

- <https://ehe.osu.edu/2020-2021-educator-preparation>
- Kathleen/Lauren: Presenting Ed Prep snapshot overview. You can download snapshot. It captures everything that happened in regional campuses as well.
 - P3. Highlights offerings
 - P4. Highlights strengths of programs
 - P5. Highlights pillars of the college
 - P6. Student placement map spread across the state
 - P7. Enrollment numbers
 - P8. Highlights trends across counties
 - P9. Highlight types of experiences the college aims to have the students complete

- P10. Discussing different earnings and data points throughout partnerships. Includes district research. Mentions some numbers have gone down due to Covid era. Discusses number of waivers we're able to provide. Discusses ROI in terms of fee waivers. Speaks to monetary return.
- P11. Highlighted events and programs within the different school districts between all difference programs. Programs speak to how initial licensure programs stepped up during Covid. Includes a piece about the school nursing programs. School psych facilitations groups. Mentions summer institute and PD opportunities.
- P12. Contact information.
- Asks for feedback on programs

Professional Development

- Mentor Appreciation Event
 - Announces first ever college wide mentor appreciation event at the Fawcett center on April 26th. Save the dates have been sent. It is specifically for mentors in EHE that are mentoring a student teacher, practicum student, final experience. District partners, who help place students, will be invited also. It will include a light reception, 2 different awards, student presentations, and testimonial videos.
 - Kim Swensen: So interesting! Thank you!
 - Karmen McCaslin: Great idea!
- Mid-Advanced Mentor Training
 - This training is currently being developed. It is for mentors working with students right before their student teaching semester. It is not program specific. It will have initial resources, what to expect from student and program and what we expect from mentors, FAQs, digs into co-planning and co-teaching, and difference between field placement and student teaching.
 - Mentor Training link – <https://ehe.osu.edu/accrreditation-placement-and-licensure/mentor-educator-training>
 - We've received feedback from Program Managers. We'd like feedback from districts. What are mentors looking for to be successful
 - Karmen McCaslin: For CEUs purposes – do you have an estimated number of hours it takes to complete each course?
 - Students will get a certificate at the end of training. 1 hour training at most likely. Will make note of the contact hours on the certificate. Will be up to the district to use training for CEUs.
- Fee Waivers
 - Districts can view their balances in OneDrive. The information was in the Summer Institute email.
 - Verifies that everyone has access.
 - Karmen McCaslin: Needs Summer Institute email
 - Angela Ullum: Also needs email
- Summer Institute:
 - Fifteen offerings will be available. Topic include SEL, breathing techniques, wearing masks for students and teachers, dyslexia, and co-planning/co-teaching. Registration starts March 15th and earned CEU credits can be applied. We will provide a code if you are a MEOS district. If you are not a MEOS district, we can work to set up payment or individuals can pay via credit card on the website.

Graduate Profiles and Open Positions

- OSU shares completion numbers from across all campuses.
 - These include a full transition to the P-5 license. The 4-5 endorsement is still being offered but won't be offered forever. We recommend that teachers, who would like that endorsement, add it on before it is unavailable.
 - Feedback from programs and districts:
 - Cory Neugebauer: Within the next year or two, we will be opening a new elementary school. It will be in our current site after we move.
 - Michele Sanderson: We are happy to hear that in the P-5 program
 - Erin Miguel: Can you send us this PowerPoint so I can share the numbers with our new HR person?
 - Kelli Weaver: Yes

Ohio-Wide Employer Survey

- If you did not complete the survey in the fall, you still have an opportunity to complete it. Be sure to select OSU. https://ohio.qualtrics.com/jfe/form/SV_8H4Hcl7D940ObKm
- We use this data as a mechanism to emphasize any changes or differences when we have meetings with program managers. Want to make sure students are prepared. Any changes or tweaks are appreciated.
- The survey is open until June 1 so you can feel free to share this survey with others who coach/hire our graduates

Career Readiness

- Thank you to districts for the feedback about this initiative. We've also gathered feedback from programs and students. We created a canvas shell with resources. Mock interviews were conducted and were really successful.

Additional Topics

- Erin Miguel: I know we were asked about online placements - UA is still waiting to determine what that will look like next year
 - During COVID there were a lot of virtual options. It seems like some have continued and some haven't.

Next Meeting: October 11, 2022
